GOSPEL REFLECTION 5th Sunday in Ordinary Time

Add a pinch of salt and put on your light

These two phrases are part of our everyday language – every recipe we follow, every TV chef we watch will tell us to “add a pinch of salt” to every savoury dish. And daily someone will ask us “could you put the light on, please”. Do we take any notice of the real meaning of these phrases?

Today’s Gospel invites us to pause and think about it what it really means to be salt – salt for the world. Salt adds something to our food, but if it was devoid of flavour it would add nothing. So it is for us. We are called to add the flavour (the salt) of the Gospel to the world – to add something to it, the world needs each one of us to add our flavour to its life. The same goes for light – we turn lights on everyday – to brighten dark places. So we must turn on the light of our faith so that others can see the life of Christ shining through in our words and actions – that the world may be illuminated with the love of Christ.

While salt and light might be part of our daily lives they also remind of us something more - we are called not to hide away, not to mask our love of God but rather to show it to others every day. So the next time you add salt to food or turn on the light let it be a reminder to you of this call of the Gospel to be salt and light in our world.

PLEASE NOTE

In the event of an Emergency and someone needing an Ambulance ~ it is very important that the entrance and area in front of the Church is kept clear at all times.
